Text2Story 2024

Seventh International Workshop on Narrative Extraction from Texts held in conjunction with the 46th European Conference on Information Retrieval

March 24th, 2024 - Glasgow, Scotland

Background Team

++ Proceedings Chair ++
– Conceição Rocha
– João Paulo Cordeiro

++ Web and Dissemination Chair ++
– Hugo Sousa
– Behrooz Mansouri

Figures

26 papers submitted

14 papers accepted and presented

2 keynotes speakers

Program Committee

- Álvaro Figueira (INESC TEC & University of Porto)
- Andreas Spitz (University of Konstanz)
- Antoine Doucet (Université de La Rochelle)
- António Horta Branco (University of Lisbon)
- Anubhav Jangra (IIT Patna, Japan)
- Anurag Acharya (Pacific Northwest National Lab)
- Arian Pasquali (Faktion AI)
- Bart Gajderowicz (University of Toronto)
- Begoña Altuna (Universidad del País Vasco)
- Behrooz Mansouri (Rochester Institute of Technology)
- Brenda Santana (Federal University of Rio Grande do Sul)
- Bruno Martins (IST and INESC-ID - Instituto Superior Técnico, University of Lisbon)
- Brucce dos Santos (Computational Intelligence Laboratory (LABIC) – ICMC/USP)
- David Semedo (Universidade NOVA de Lisboa)
- Deya Banisakher (Florida International University)
- Dhruv Gupta (Norwegian University of Science and Technology)

Program Committee

- Evelin Amorim (INESC TEC)
- Henrique Lopes Cardoso (University of Porto)
- Ignatius Ezeani (Lancaster University)
- Irina Rabaev (Shamoon College of Engineering)
- Ismail Sengor Altingovde (Middle East Technical University)
- João Paulo Cordeiro (INESC TEC & University of Beira Interior)
- Liana Ermakova (HCTI, Université de Bretagne Occidentale)
- Luca Cagliero (Politecnico di Torino)
- Ludovic Moncla (INSA Lyon)
- Luis Filipe Cunha (INESC TEC & University of Minho)
- Mark Finlayson (Florida International University)
- Marc Spaniol (Université de Caen Normandie)
- Mariana Caravanti (Computational Intelligence Laboratory (LABIC) – ICMC/USP)
- Moreno La Quatra (Politecnico di Torino)

Program Committee

- Natalia Vanetik (Shamoon College of Engineering)
- Nuno Guimarães (INESC TEC & University of Porto)
- Pablo Gervás (Universidad Complutense de Madrid)
- Paulo Quaresma (Universidade de Évora)
- Purificação Silvano (CLUP & University of Porto)
- Ross Purves (University of Zurich)
- Satya Almasian (Heidelberg University)
- Sérgio Nunes (INESC TEC & University of Porto)
- Sriharsh Bhyravajjula (University of Washington)
- Udo Kruschwitz (University of Regensburg)
- Valentina Bartalesi (ISTI-CNR, Italy)
- Udo Kruschwitz (University of Regensburg)
- Valentina Bartalesi (ISTI-CNR, Italy)
- Veysel Kocaman (John Snow Labs & Leiden University)
- Wenzhi Cao (University of Wisconsin, USA)
- Yihong Zhang (Kyoto University)

Team

Ricardo Campos   Alípio Jorge   Adam Jatowt   Sumit Bhatia   Marina Litvak

Schedule

Keynote Chair: Adam Jatowt

09h15 – 09h55:

Keynote Speaker: Jochen Leidner, Coburg University of Applied Sciences
Title: Homo narrans: From Information to Narratives

Schedule

Session Chair: Marina Litvak

09h55 – 10h10:

Author Presenter: Markus Reiter-Haas
Title: Computational Narrative Framing: Towards Identifying Frames through Contrasting the Evolution of Narrations

10h10 – 10h30:

Author Presenter: Pablo Gervás
Title: Representing Complex Relative Chronology Across Narrative Levels in Movie Plots

10h30 – 11h00:

Coffee Break

Schedule

Session Chair: Ignatius Ezeani

11h00 – 11h20:

    Author Presenter : Youssra Rebboud
    Title: From Nodes to Narratives: A Knowledge Graph-based Storytelling Approach

11h20 – 11h30:

    Author Presenter: Alessandro Antonucci
    Title: On the Limitations of Zero-Shot Classification of Causal Relations by LLMs

# Schedule

11h30 – 11h40:

      Author Presenter : Junbo Huang
      Title: Event Extraction Alone Is Not Enough

11h40 – 12h00:

      Author Presenter: Sebastián Concha (online)
      Title: Evaluating the Ability of Computationally Extracted Narrative Maps to Encode Media Framing

Schedule

12h00 – 12h30 (Poster Session):

Dennis Schroeder/NREL via flickr.com. Public domain (US government agency)

12h30 – 13h30:

Lunch Break

Schedule

Keynote Chair: Alípio Jorge

13h30 – 14h10:

Keynote Speaker: Mirella Lapata, University of Edinburgh
Title: Visual Storytelling with Question-Answer Plans

Schedule

14h10 – 14h30:

Author Presenter: Purificação Silvano
Title: Untangling a web of temporal relations in news article

14h30 – 14h50:

Author Presenter: Laura Spillner
Title: Unexpected Gender Stereotypes in AI-Generated Stories: Hairdressers are Female, But so are Doctors

14h50 – 15h00:

Author Presenter: Avital Hahamy
Title: Integrating Cognitive Neuroscience Insights into NLP: A New Approach to Understanding Narrative Processing

15h00 – 15h30:

Coffee Break

Schedule

Session Chair: Alessandro Antonucci

15h30 – 15h50:

Author Presenter: Pablo Gervás
Title: Tagging Narrative with Propp's Character Functions Using Large Language Models

15h50 – 16h10:

Author Presenter: Ignatius Ezeani
Title: The Geography of 'Fear', 'Sadness', 'Anger' and 'Joy': Exploring the Emotional Landscapes in the Holocaust Survivors' Testimonies

Schedule

Session Chair: Hugo Sousa

16h10 – 16h30:

> **Author Presenter:** Mauricio Matus (online)
> **Title**: ROGER: Extracting narratives using Large Language Models from Robert Gerstmann's historical photo archive of the Sacambaya Expedition in 1928

16h30 – 16h50:

> **Author Presenter:** Shaina Raza (online)
> **Title**: Dataset Annotation and Model Building for Identifying Biases in News Narratives

16h50 – 17h10:

> **Author Presenter:** Mustafa Ocal (online)
> **Title**: Estimating Narrative Durations: Proof of Concept

Schedule

Ricardo Campos   Alípio Jorge   Adam Jatowt   Marina Litvak

17h10 – 17h30:

Best Paper Award and Reviewers Award

19h30 – 21h30:

ECIR'24 Welcome Reception (Conference Venue – Radisson Blu Glasgow)
